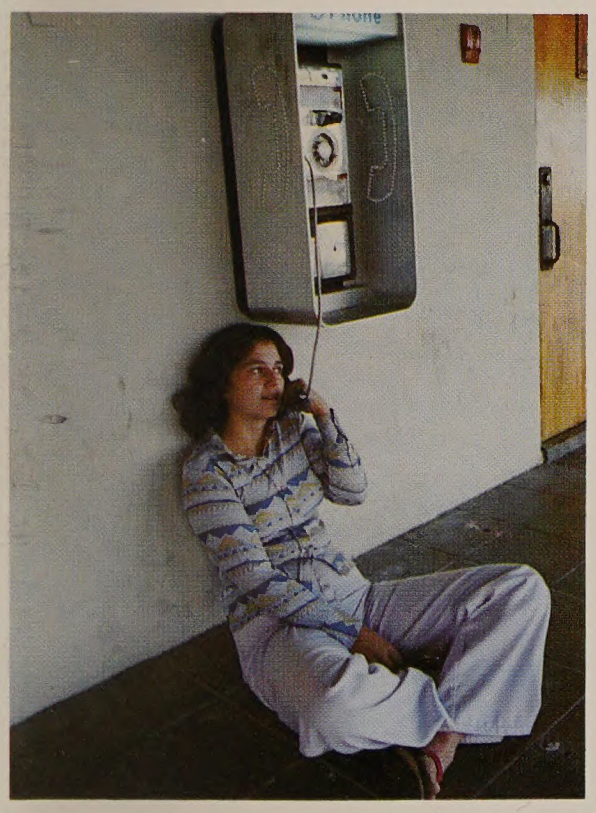
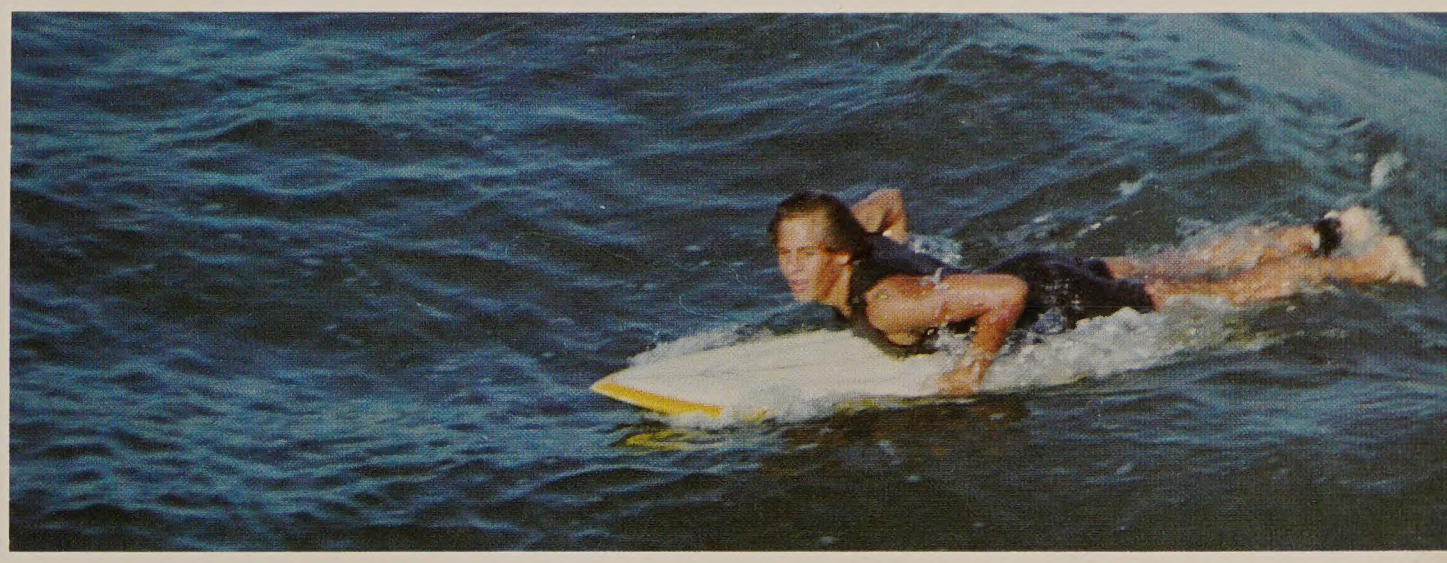
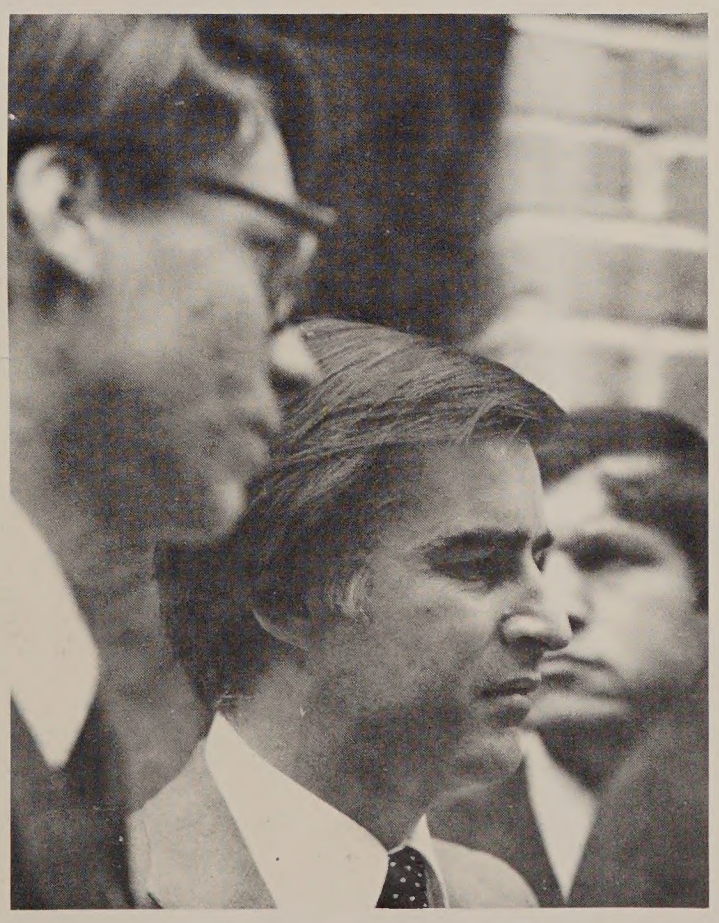
REACH OUT AND TOUCH

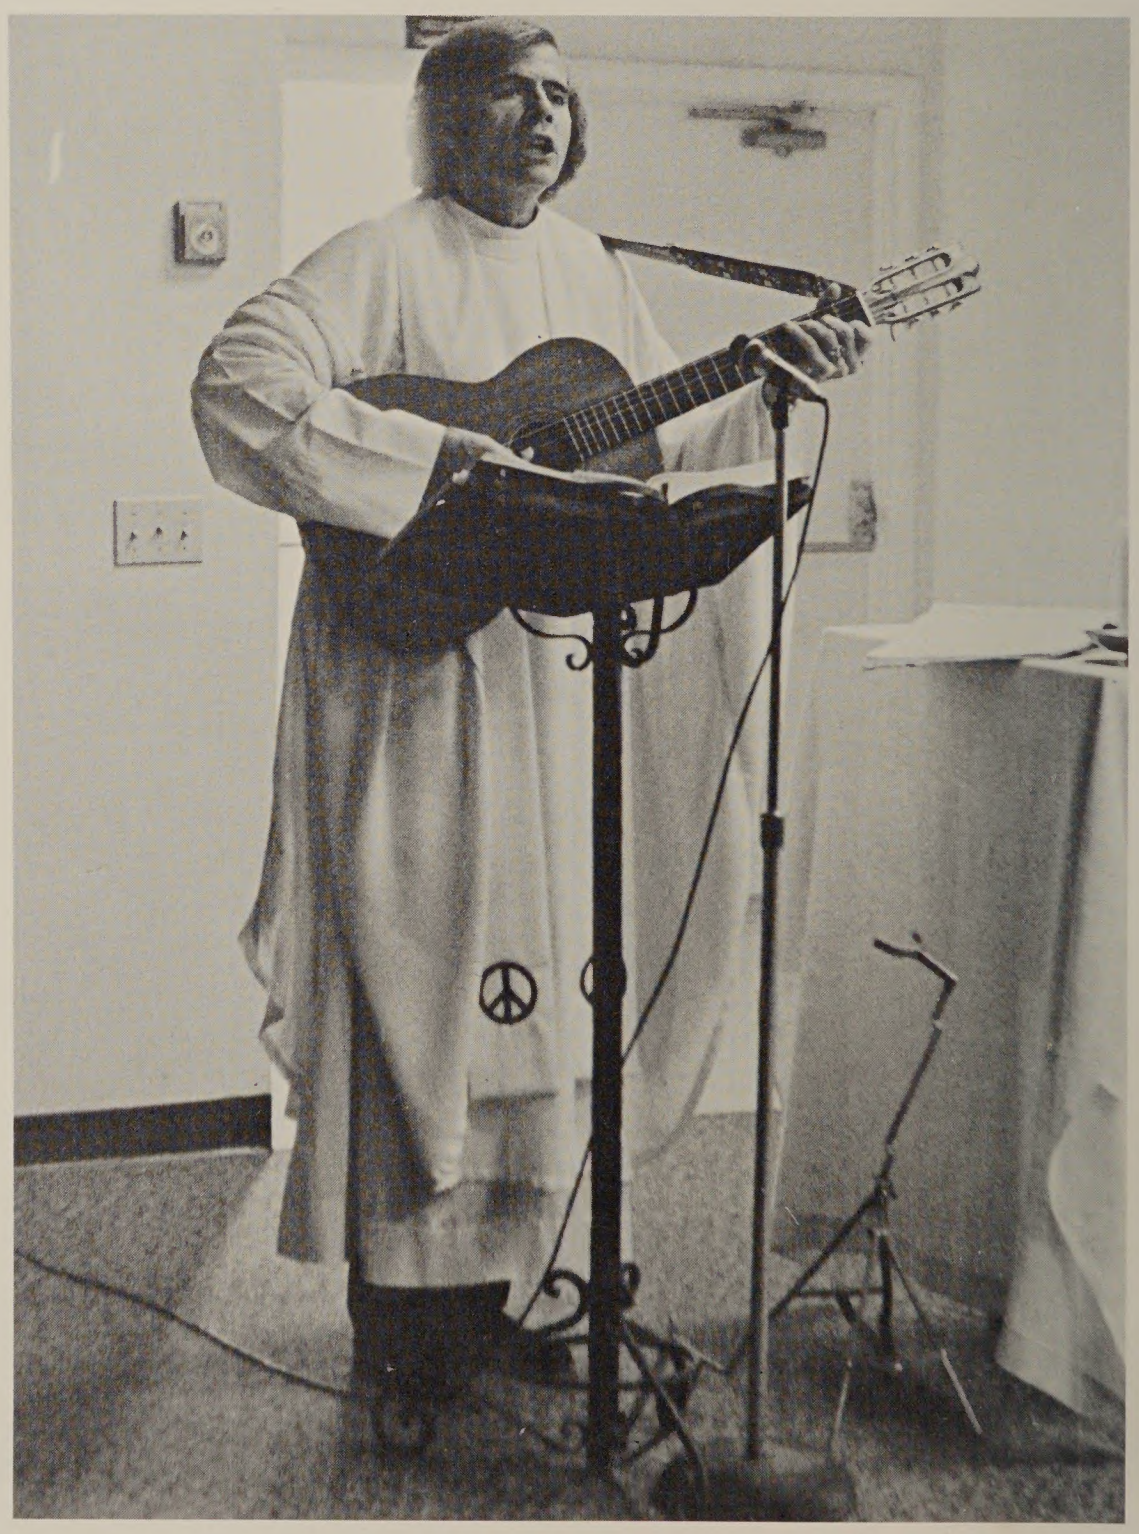
You're away from me now,
Not in space, but in time;
I learned from you.
You made me grow. You touched me.
Our paths may never cross again
But the moments that
We once had, the laughing, the
crying,
And the rejoicing will never disappear
From our memories.
I cannot cry because you're gone.
I can only be grateful that
You were once here.
— Cecilia Hurtado







"UNI"-FIED THROUGH THE WORD

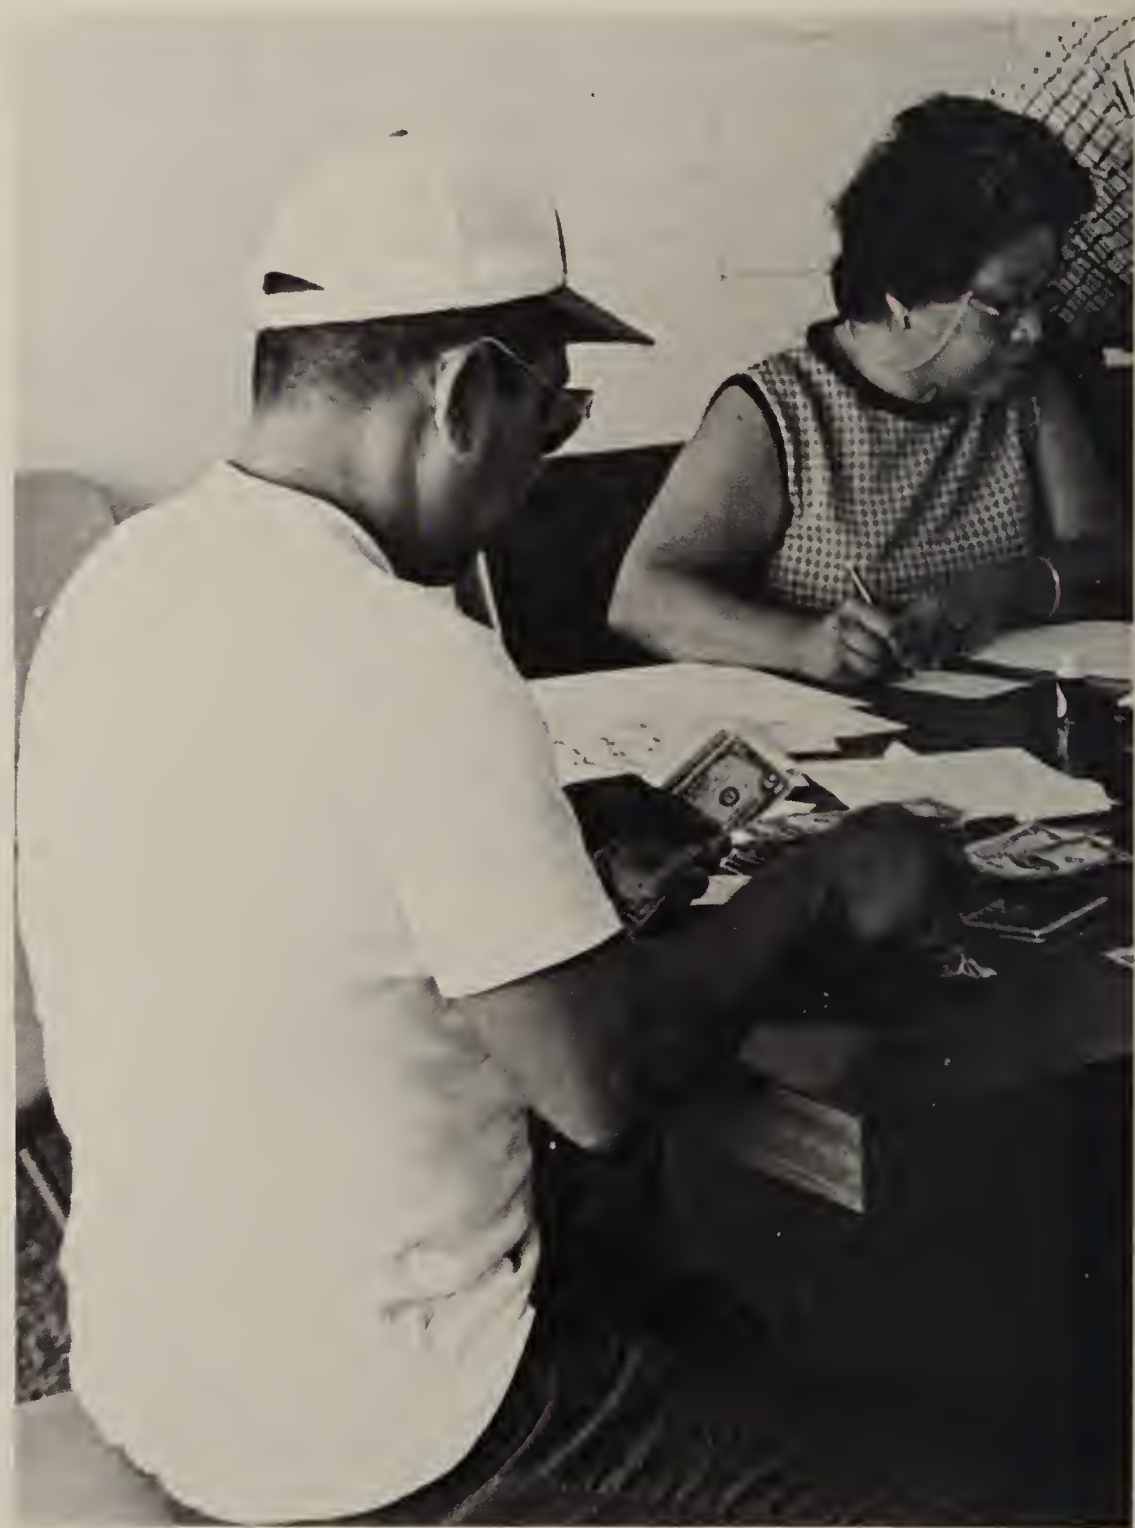


Daily masses at Uni give students the opportunity to find God in their own way. Masses are celebrated daily in the chapel and everyone is invited to participate. Special liturgies at Uni commemorate feasts such as Christmas, Easter, and all of the Holy Days of Obligation. Students have the opportunity to help in planning the liturgy and format of the Mass. The music is provided by Mr. Shafranske and all those willing to lend a voice. These masses give students the perfect opportunity to reach out in their own personal way, and share their religious beliefs with the rest of the Uni community.

DONS TAKE IT AGAIN

This year's Charity Bowl between University High and Saint Augustine proved to be an exciting football contest. A powerful running game and staunch defense gave the Dons an impressive 17-0 victory over the Saints. Strong team spirit and crowd participation were major factors in Uni's strong showing. Through the cheerleaders' ability to reach out and motivate the crowd, the Don team realized they had everyone's support.

WORKING TOWARD A WIN



The Charity Bowl between Uni and Saints this year was a successful event for us due to the organization by Mr. Dave Gorsich. Under his direction the Charity Bowl was an exciting evening of good football. Mothers and office workers dedicated their time in order to make the project a success. They spent long hours counting money and organizing ticket sales. Strategy is an important factor in any contest, and Coach Wargo and his staff did a fine job in preparing the team. School spirit was overwhelming throughout the day. Coaches, parents, students — everyone reached out to enjoy an evening of fun and excitement.

Debbie Silveira,
Coordinator of School Activities

The special duty of the A.S.B. Cabinet is to reach out to all Uni students. They act as communicators between students and the faculty. Through the A.S.B., student proposals are put into action and made known. The A.S.B. members are constantly working on coordinating dances, lunch time activities, club activities, etc. These officers have exhibited leadership qualities needed for successful student government and deserve our congratulations and appreciation.

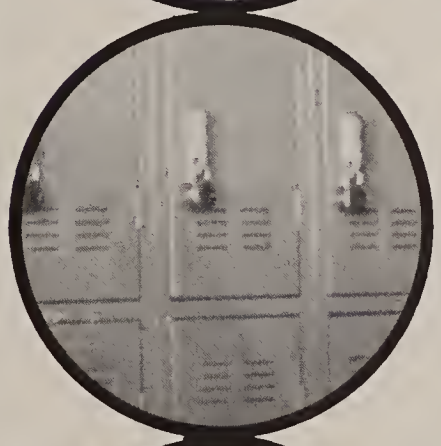
THE PRESIDIO TOUCH

The Presidio staff is responsible for the fine yearbook here at Uni High. Through their dedication and participation in school activities, the yearbook continues to get better every year. All the staff members use this opportunity to reach out and show the Uni community what has happened during the year. They capture those fond, exciting, and cherishable memories everyone will remember for the rest of their lives.

"SPIRIT" FLOWS THROUGH SCHOOL

Halloween on campus this year was a strange experience. Participation was overwhelming from students and faculty. Disguised characters, ranged from the cookie monster to a pair of chickens, from a clown to a pair of mermaids. Everyone dressed up to share in the fun. Prizes were awarded for the best costume and for the best looking group costume.

PResence of students brings school to life



R emember that first day of school,
E veryone so unaccustomed to what was happening.
A ccepting what was handed to us
C aring little about what was going on
H oping to find a way

O ut of the uneasy situation,

U ntil we saw leaving wasn't

T he answer to our lonliness, fear and boredom but only

A n excuse.

N aturally we began

D iscovering each other, seeing

T hat we had something to give to
O thers, we had something to learn from them.
U nknowingly we were reaching out and touching; never.
C an we forget the

H appiness and joy we received in doing so.

1980

Frosh class officers, with the assistance of Brother John, got the freshmen together for many projects. The spirit of the class of 1980 was abundant and they showed the school that they are young but are definitely spirited.

Get it right this time!

FRESHMEN

The first week is chaos, but after that everything is cool

Freshman spirit in the past at Uni has always been outstanding. This year's frosh class, led by spirited moderator, Brother John, have definitely played par for the course. Beginning with the title of those that sold the most Charity Bowl tickets, they continued to round off the year with their ever-growing "green horn" spirit.

I like the variety of classes, teachers, kids

It has been the year of live albums all the way from the dynomite, "Frampton Comes Alive," to Led Zepplin's, "The Song Remains the Same." It has also been a year of the oft repeated question, "Will the Beatles ever get together again?" The frosh have a lot to say about the music scene, favoring rock to soul and groups ranging from Eagles to the Who.

No fear at Uni— just friends and a friendly atmosphere

As the class of 1980 progresses on to their sophomore year, they will be bringing with them a lot of pride, spirit, and self assurance. They will also, however, be leaving something behind, not just their one-time anxieties, fears, and headaches, but also what we thought only "Dear Abbey" had--good advice to the up coming class of 1981 . . .

The frosh are getting younger every year!

The class of 1980 have this advice to give to future freshmen. It seemed to work for them and so they'll share it:
"Be prepared for anything!"
"Let friends come naturally."
"Memorize your class room numbers as soon as possible!"
"Don't forget your P.E. gear."
"When it rains, it floods at Uni--don't wear slippery shoes--the tile is like oil."
"Get involved in school activities."

JUNIORS

CLASS OF '78 GROWS IN DON'S SPIRIT

1978

Many new things were happening to the Juniors this year. With spirit over-flowing, Mr. Galindo and the officers led the class of '78 to a surprising year. Spirit week fun and constructive projects gave the Juniors a top name. Numerous fund-raising projects sponsored the best Uni Prom ever.

A spirit grows and GROWS . . .

The spirit of the mighty class of '78 has shown much involvement over the year. Only a preview was the winning of the Spirit Mug during Homecoming Week, and through such chants as "Go BANNANAS" and "J U N I O R S".

The leadership of the class is abundant and fulfilling with much involvement and spirit.

Receiving your school ring is one of the many excitements in a junior's school year. Reaching out with friends, growing together,
experiencing life molded through dreams.
Reaching out with laughter lighted faces,
special smiles, open hands.
Reaching out in the things we did together,
A special community of treasured friends,
helping us along our journey of life.
Times have left a mark on us,
Times we'll always remember, forever
cherished in our hearts.
Reaching out, from what we've learned.
Traveling on a special road, with special people,
caring, loving, reaching out.

Annelvira

May the road rise up to
meet you,

May the wind be always
at your back,

May the sunshine warm
upon your face,

And the rains fall soft
upon your fields,
And until we meet again,
May God hold you in the
palm of His Hand.

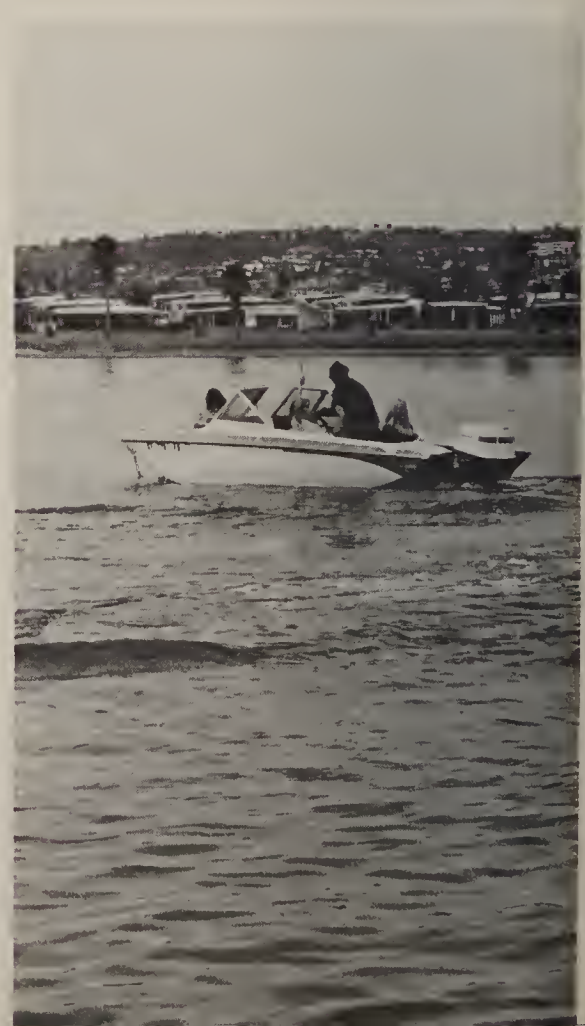
Bread baking mini-course:
Miss Ruiz and Monica Ainslie braid the orange bread.
Chinese almond cookies are good--BUT I'm getting tired of rolling this dough.
I hope these taste as good as they look.

This year at Uni, a variety of experiences were offered for mini-courses. Students described the courses as, "Fun!" "Exciting." "A blast." "Okay." "Different".

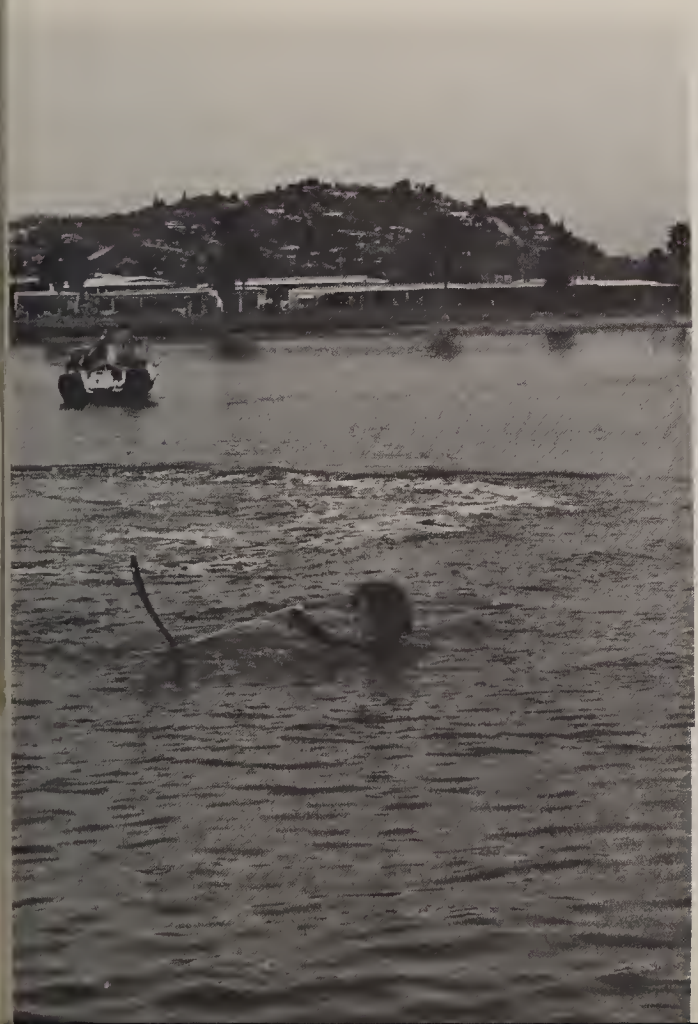


Fencing mini-course:
On guard--watch it that's a sharp blade.
Now now!--I'm right in the middle of a Rothchilds!

MINI-COURSES: A BREAK IN YEAR'S ROUTINE

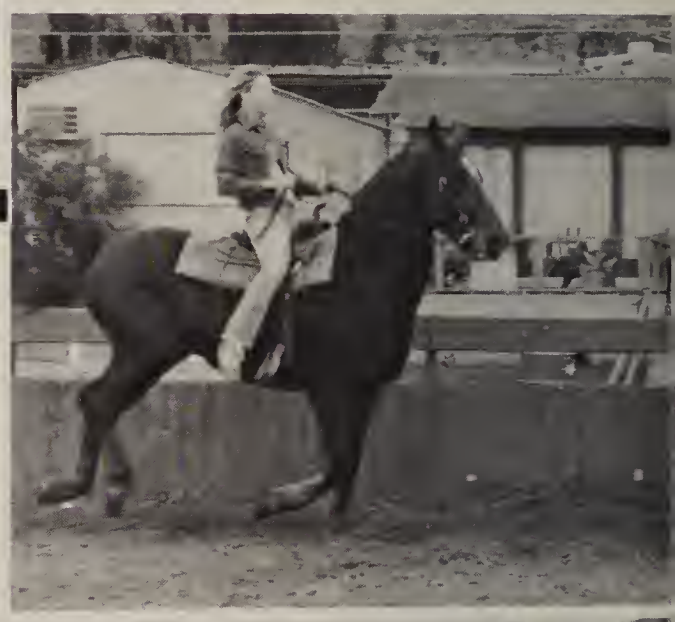
Though the teachers still taught and the students still learned, it was quite an experience for all participants. Mini-courses are a welcome break from the regular routine at Uni.

Water skiing mini-course:
If I could just get up on these skiis.
Between ski turns, it sure gets cold out here.



Fishing mini-course:
A lesson in cleaning fish.
That looks like a good one.
Guy waits for the big moment.

Bike riding mini-course:
All aboard, bikers--next stop,
Santa Barbara.
After the train ride, we're ready to
go!
The scenery is the best part.



Horseback riding mini-course:
Horseback riders in formation.
Brian takes care of his horse.
Everyone won at our horse show.

Sailing mini-course:
Gee, I'm not sure about this.
We won by a nose!
Caught the wind at last!

dedicated parti-cipants PRomote involve-ment

Uni High is known to the people around campus as a place where anyone and everyone can get involved doing just about anything and everything. There are all kinds of activities and organizations for Uni students to join--to which they can reach out in their own special ways.

People who want to reach out to the horizons of their minds can find inner, intellectual satisfaction in the Science, Rocket, or Chess Clubs. These clubs are not too conspicuous around campus but, quietly, they organize and brew up the future Einsteins and Curies of the world.

For those who feel the urge to be more conspicuous and have the need to reach out to others, there are dances, cheerleading, spirit week activities, Greek week, Hi Jinx, and the Pep Club. Most outsiders would think such involved people have some sort of superiority complex as they are heard shouting, "We're number one!" (But then we are.)

For the people who want to reach out and get involved, but waver back and forth from radical involvement there are those somewhat radical, somewhat intellectual, and quiet creative groups of people with compulsions to express themselves--the Jesters and the El Cid staff.

All of these special groups, reaching out to special types of people and bringing out leaders and good times are necessary to make up the total, involved community of University High.

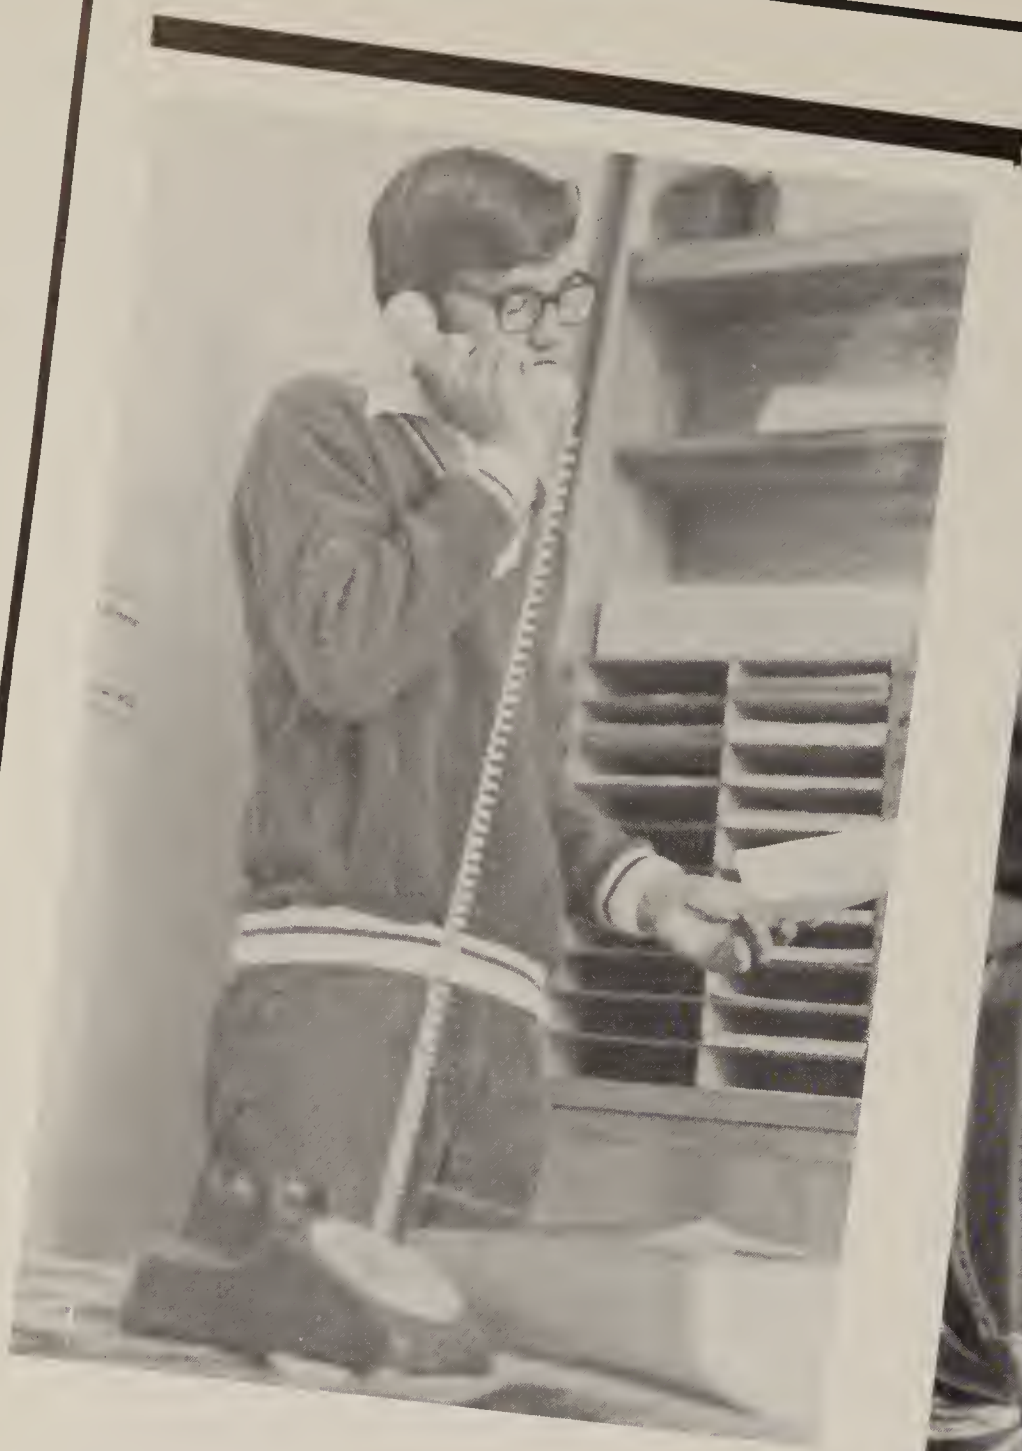
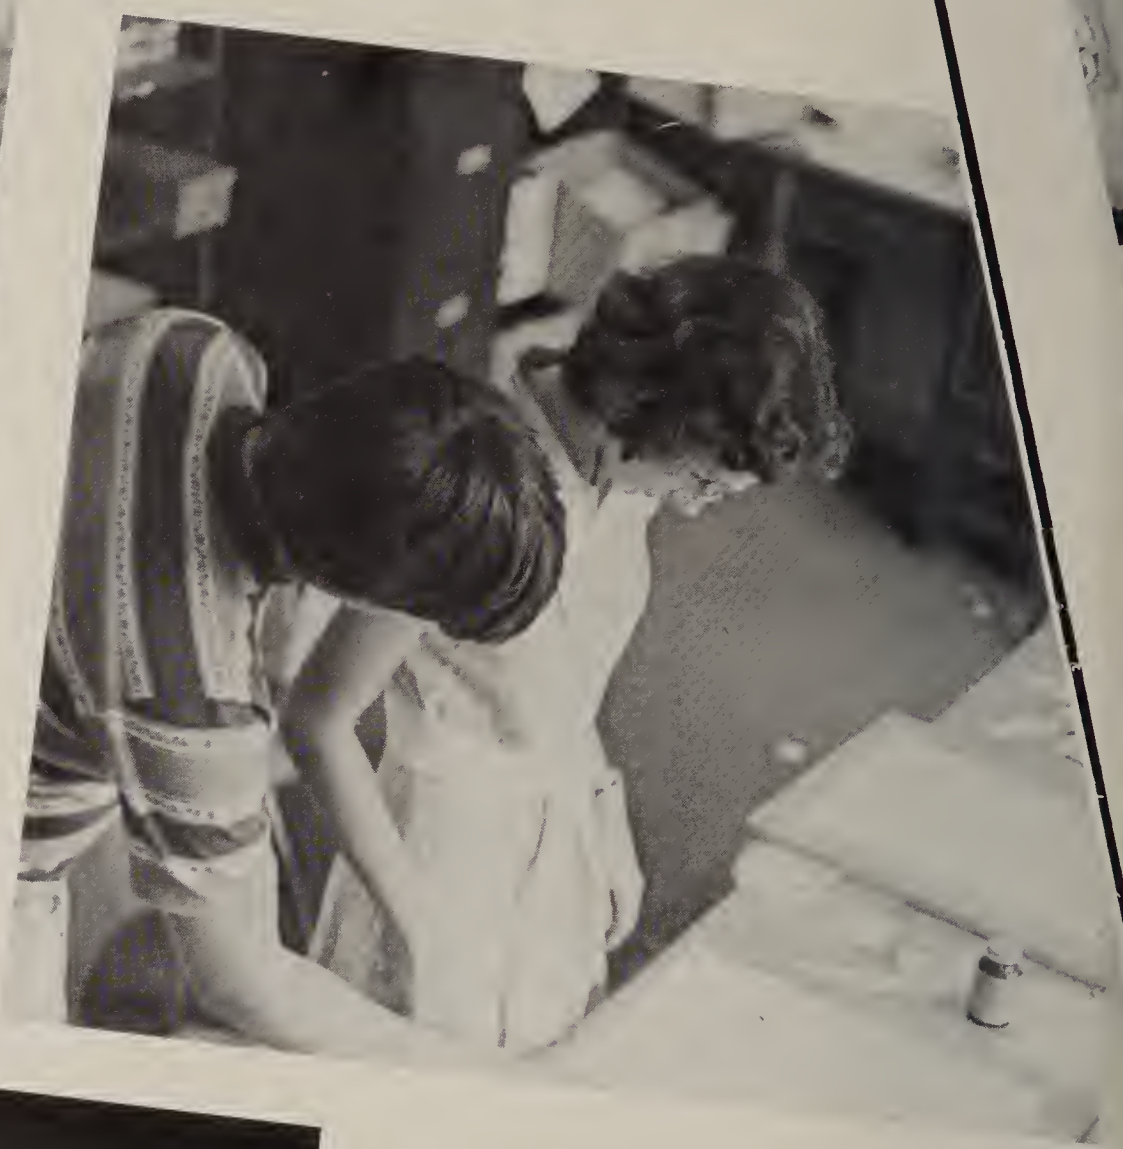
3. Deadline in 3 minutes!!





"El Cid, the school newspaper, is much improved this year," says Editor in Chief, Steve Cologne. "This year's paper is the best since I've worked here." Staff structure, and the power of the Editorial Board have changed this year. Reporter beats and column approvals all come under the job of the Editorial Board. Responsible students from every class participate in getting stories approved for publication.

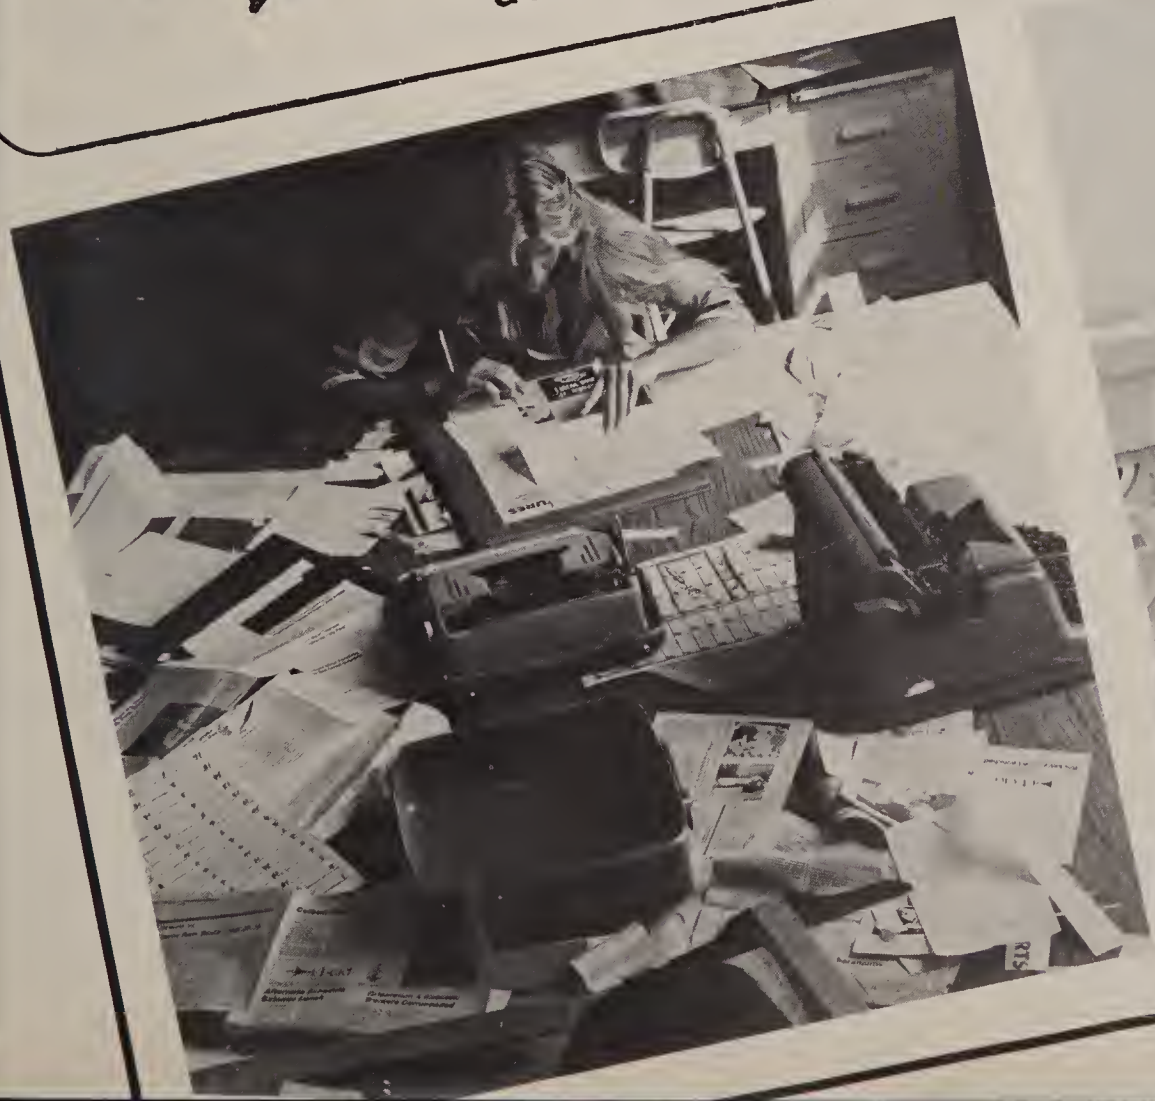
UNIVERSITY HIS



'77 is classy...Go bananas... Soph's are supreme...Frosh power. During Spirit Week such sayings were continuously chanted, arousing excitement among the classes. During this active week, students showed their involvement through improvement of the school. From painting rocks to weeding gardens to toilet papering the moderators, the students competed against one another for the coveted Spirit Mug.

This year's Homecoming Day was filled with endless spirited events. Class spirit overflowed for the Spirit Mug. Rowdy crowds filled the stands, impatiently waiting for the game to begin. Julie North was crowned queen during Half-time and the estatic juniors celebrated the winning of the Spirit Mug and float competition.

Students Reach Out to God

There are many different and varied religious activities for students at Uni. Among these are daily Masses, special liturgies for Holy Days, Masses for the teams, and of course, Searches.

What exactly is a Search? It is an opportunity given to Juniors and Seniors to get away and do some thinking about the important aspects of their lives. They are given the chance to learn some truths about themselves with the help of God and friends.

UNI CHEERLEADERS BOOST

WINNING TEAMS TO CIF

1-Friendship through all ages.
2-The Mighty Mascot
3-Nothing keeps Gay off her feet.
4-"We're number 1!"
5-Tammi looking pensive.
6-"Gee, I'm getting tired."
7-Smile, you're on candid Camera.
8-Another touchdown for Uni.
9-Hold it 5 more seconds!!

HERE WE COME A TRUCKIN IN--
I BET YOU WONDER WHERE WE'VE BEEN! Not only a familar chant among the cheerleaders, but it seems to have some underlining meaning. For as well as boosting our teams toward CIF, the cheerleaders also were involved in car washes, bake sales, and they even sang on B-100 to arouse spirit. So, to this ambitious and spirited cheerleading squad we say, "WE ARE PROUD OF YOU!"

"IT'S FUN GETTING PEOPLE ROWDY!"

"We've gotten more involved and learned to be better leaders," expressed one freshman cheerleader. After winning first place in song at cheerleading camp, the squad came back and proved this to us and they introduced a new class.

1. Juanita Rodriguez and Kelly Turner mentally winning the game for 'em.
2. Jeanette Lim and Yvette Bovee push 'em back.
3. Juanita, Carole Hamm, and Yvette show our Dons some dedication.
4. You bet we've got spirit!

Under the direction of Mr. Paul Collins, the members of the science club endeavor to learn all they can about science and its related fields and equipment. Most science club members are interested in one or more of the various fields of physical science. The laser is of special interest to the whole group. Members learn more about these subjects by visiting scientific institutions, hearing guest speakers, and conducting laboratory investigations. This year, for the first time, the science club is allowed access to the school biology, chemistry, and physics labs. With the use of all these resources, better Science Fair projects are produced and the desire of these students to learn, invent, and discover begins to be fulfilled.

Jesters Capture Audience

The Jesters have shown great acting ability this year through their plays. STALAG 17, a comedy, portrayed life in the prison camps. Another excellent drama acted out by the Jesters was THE BARRETTS OF WIMPOLE STREET. The quality of the Jesters plays has risen greatly as the growing audiences prove.

YEAR - ROUND COMPETITION KEEPS THEM ROLLING

The Bowling Club has year-round, inter school competition every Wednesday at Frontier Lanes. This club, moderated by Coach Strange, is made up of Coed teams of about three players each. Frank Brown's score of 286 and Becky Drummond's score of 235 are two especially commendable highlights of this year's exciting competition.

A Creative Form of Expression

Perspective, a literary magazine, is published in the spring with the help of the five editors and Sr. Constance. A wide variety of students participate in this literary form of self-expression. Each can share their abilities and creativeness through poetry, prose, or art. Through their literary talents, the editors and contributing students reach out and touch the community of Uni High.

During the year, those participating in sports have spent many memorable as well as unmentionable and embarrassing moments together. Here in the following pages we have tried to capture these memories, bringing them together to share them with everyone: memories like the Dons football triumphs with Frank Flournoy leading the team in touchdowns. and memories of the volleyball team struggling to the Western League Championship led by Nancy Loos and Maryjane Caudill.

Many of our teams this year took Western League Championship and even went to C.I.F. Without the guidance and help of the coaches, these memories would not have been ours to share. The coaches reached out to their players with those extra hours of getting a play down right or raising a little more confidence among the team members.

Touched by the enthusiasm and faith of their coaches, the players add their own individual touch. Combining a little extra inspiration and their spare time, the players aim for perfection and go out to meet the competition.

Sports at Uni touch each student's life in one way or another. Win or lose, these events bring us together.

With the coaching of Sr. Sara and Mr. Altamirano, the volleyball team took the Western league title ending the season in a 9-0 record. Sr. Sara thought the team did very well this year and hopefully it will again next year. Two players, Nancy Loos and Maryjane Caudill, made First team Western League All Stars. Nancy also made First Team All C.I.F. Sister said they "really enjoyed it and really had a good year."

The Junior Varsity team ended their season with 7 wins and 2 losses, taking 3rd place. Sr. Sara said that this year the team was better than any previous year and all the players did as well, if not better, than expected.

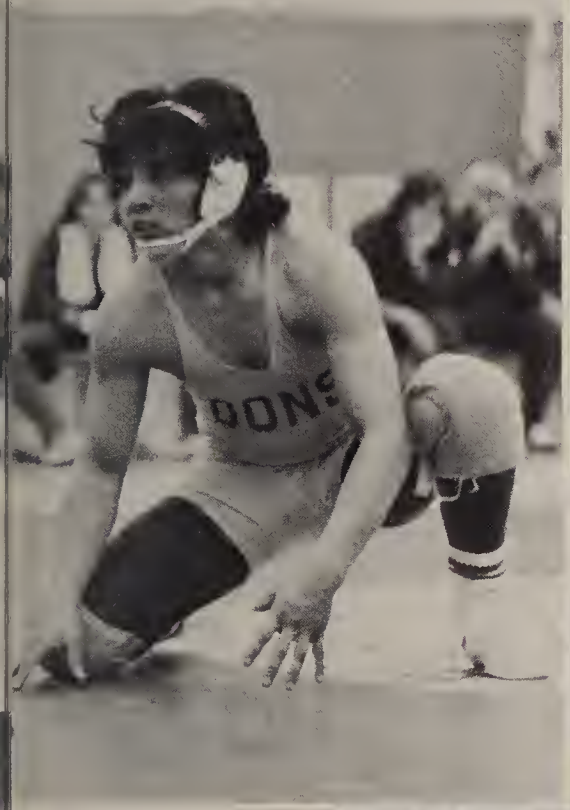
With an outstanding record of 7 wins, 1 loss, the Grapplers went on to C.I.F. Bruce Ognibene, voted as most valuable player, won first place in the C.I.F. Championships in his weight class. Coach Napier commented that their toughest experience to face was losing to Hoover. But they quickly picked themselves up to place ahead of El Cajon in El Cajon's tournament. Napier claimed that his only need by the end of the season would be his own straight jacket.

The Junior Varsity team ended their season with 8 straight wins, the best a wrestling team here at Uni ever did. There were many promising players but a few who stood out were Freshman, Kevin Almryde and Whitney Witteman, who was voted most improved player. The most valuable J.V. player was Jim Crawford.



Junior Varsity Wrestlers: Coach David Diem, Hugh Campbell, David Roman, Mike Calimlin, Jon Brause, Jim Crawford, Dena Hiel, Whitney Witteman, Stuart Boggelin, Marty McGrath, Coach Napier. BOTTOM ROW: Andy Gagliano, Jim Connors, Ray Fleury, Grant Flores, Bob Simmons, Kevin Almryde, Tony Petraglia.

SOFTBALL TEAM SLIDES INTO SECOND PLACE

The girl's softball team placed second in their league with a considerably good season for both J.V. and Varsity. Again the word potential pops up; most of the girls were underclassmen and very talented. Next year's team expects to take first place and we have full confidence in them.

Rolls Over Opposition

Although their record may not show it, the team has improved greatly since the beginning of the season. Coach Jacobacci feels that the experience that they've gained will help them tremendously toward next year. Some outstanding players are Dan Moore, Cliff Sharp & Jim Stabile.

1- Dan reaches to save a point.
2- Coach looks on nervously.
3- Jim knows how to use his head.
4- Paul strives for a point.
5- Andy steals a ball from an opponent.

VARSITY STRIKES UP GOOD YEAR

Varsity had a strong team this year with the help of the returning lettermen. Their experience was evident in their defensive strategy, along with their powerful batting. Coach Serrano directed the team and showed them how to improve their style.

Going clockwise. See if you can hit that one! Just a little bit farther. Coach Rubidoux and Serrano discuss strategy. Another homerun for Uni.

Rudy Casciato coached the J.V. team this year. The team, which is mostly Sophomores, had an excellent season in their Freshmen year. Coach Tuttle helped his inexperienced team to a fine season and feels that there were no superstars. They all worked together to score many victories.

GIRLS' BASKETBALL SHOOTS FOR LEAGUE TITLE

VARSITY BASKETBALL: L TO R Sr. Sara-Coach, Theresa Willrodt, Stacey Wissler, Theresa Fischer, Joan Robbins, Anne Schatz, Martha Lara, Bebe Burnett, Ruth Gerrity, Karen Shine, Carol Burnett, Belinda Alcantara, Gerald Cox. CENTER-Karen Sullivan

The Girls' Basketball teams were comprised of many enthusiastic and spirited players this year. As a result, both the Varsity and JV teams had excellent seasons. Under the experienced coaching of Sr. Sara, the girls came through with an exciting and successful year. The teams' strong points were offensive playing and the fact that the girls worked well together. The girls learned to work in man to man strategies and did as well in zone defense. This made them strong competitors for other teams in the league. Some of the games' high scorers included such players as Karen Shine, Joan Robbins, Stacey Wissler, Theresa Fischer and Karen Sullivan.

UNI GETS INTO THE SWING OF THINGS

A much improved Bob Sciaqua led Uni's golf team to several major victories. Also making a strong comeback was Chuck Morningstar. Notable among Uni's other golfers were returning lettermen Steve Cologne and Guy Pacurar and varsity player Phil Strebler who helped the team to it's best finish in several seasons.

In spite of being plagued with injuries, the tennis team finished respectably. Coach Shafranske added that the team was young but had determination. Their most outstanding player, freshman Vince Couch, is considered to have excellent potential for next year. Other notable players are seniors Tom Clifford and Steve Mendez.

Golf Team: R. O'Hanlon, A. Szchotca, S. Colgne, G. Pacurar, M. Regan, M. Metcalf, D. Thoennes, S. Warren, R. Sciaqua, P. Strebler, C. Morningstar, P. Driscoll, S. Tunnel. Tennis Team: B. Souza, D. The swimming and diving team had a great season due to, as Coach Wilimek puts it, "spirit and cooperation." Two returning players, Greg Achatz and Bart Harman stood out as free style sprinters. Mike Goscienski, Shamus McLaughlin and John Fowler did well in distance freestyle and all round swimmers. Other outstanding swimmers are Paul Howe, Pat Barnes, Eric Lundy and Lee Selis who is the first girl diver on an all boys' team at Uni. Mr. Wilimek commented that Lee was a welcome addition.

J.V. Swim Team; J. Wilimek, A. La Freniere, S. Curry, T. Newman, R. Sanchez, J. Raggio, R. Pilsl, J. Erickson, C. Miske, T. Cronin, C. Goscienski, N. Gross, T. Nagy, M. Brown.

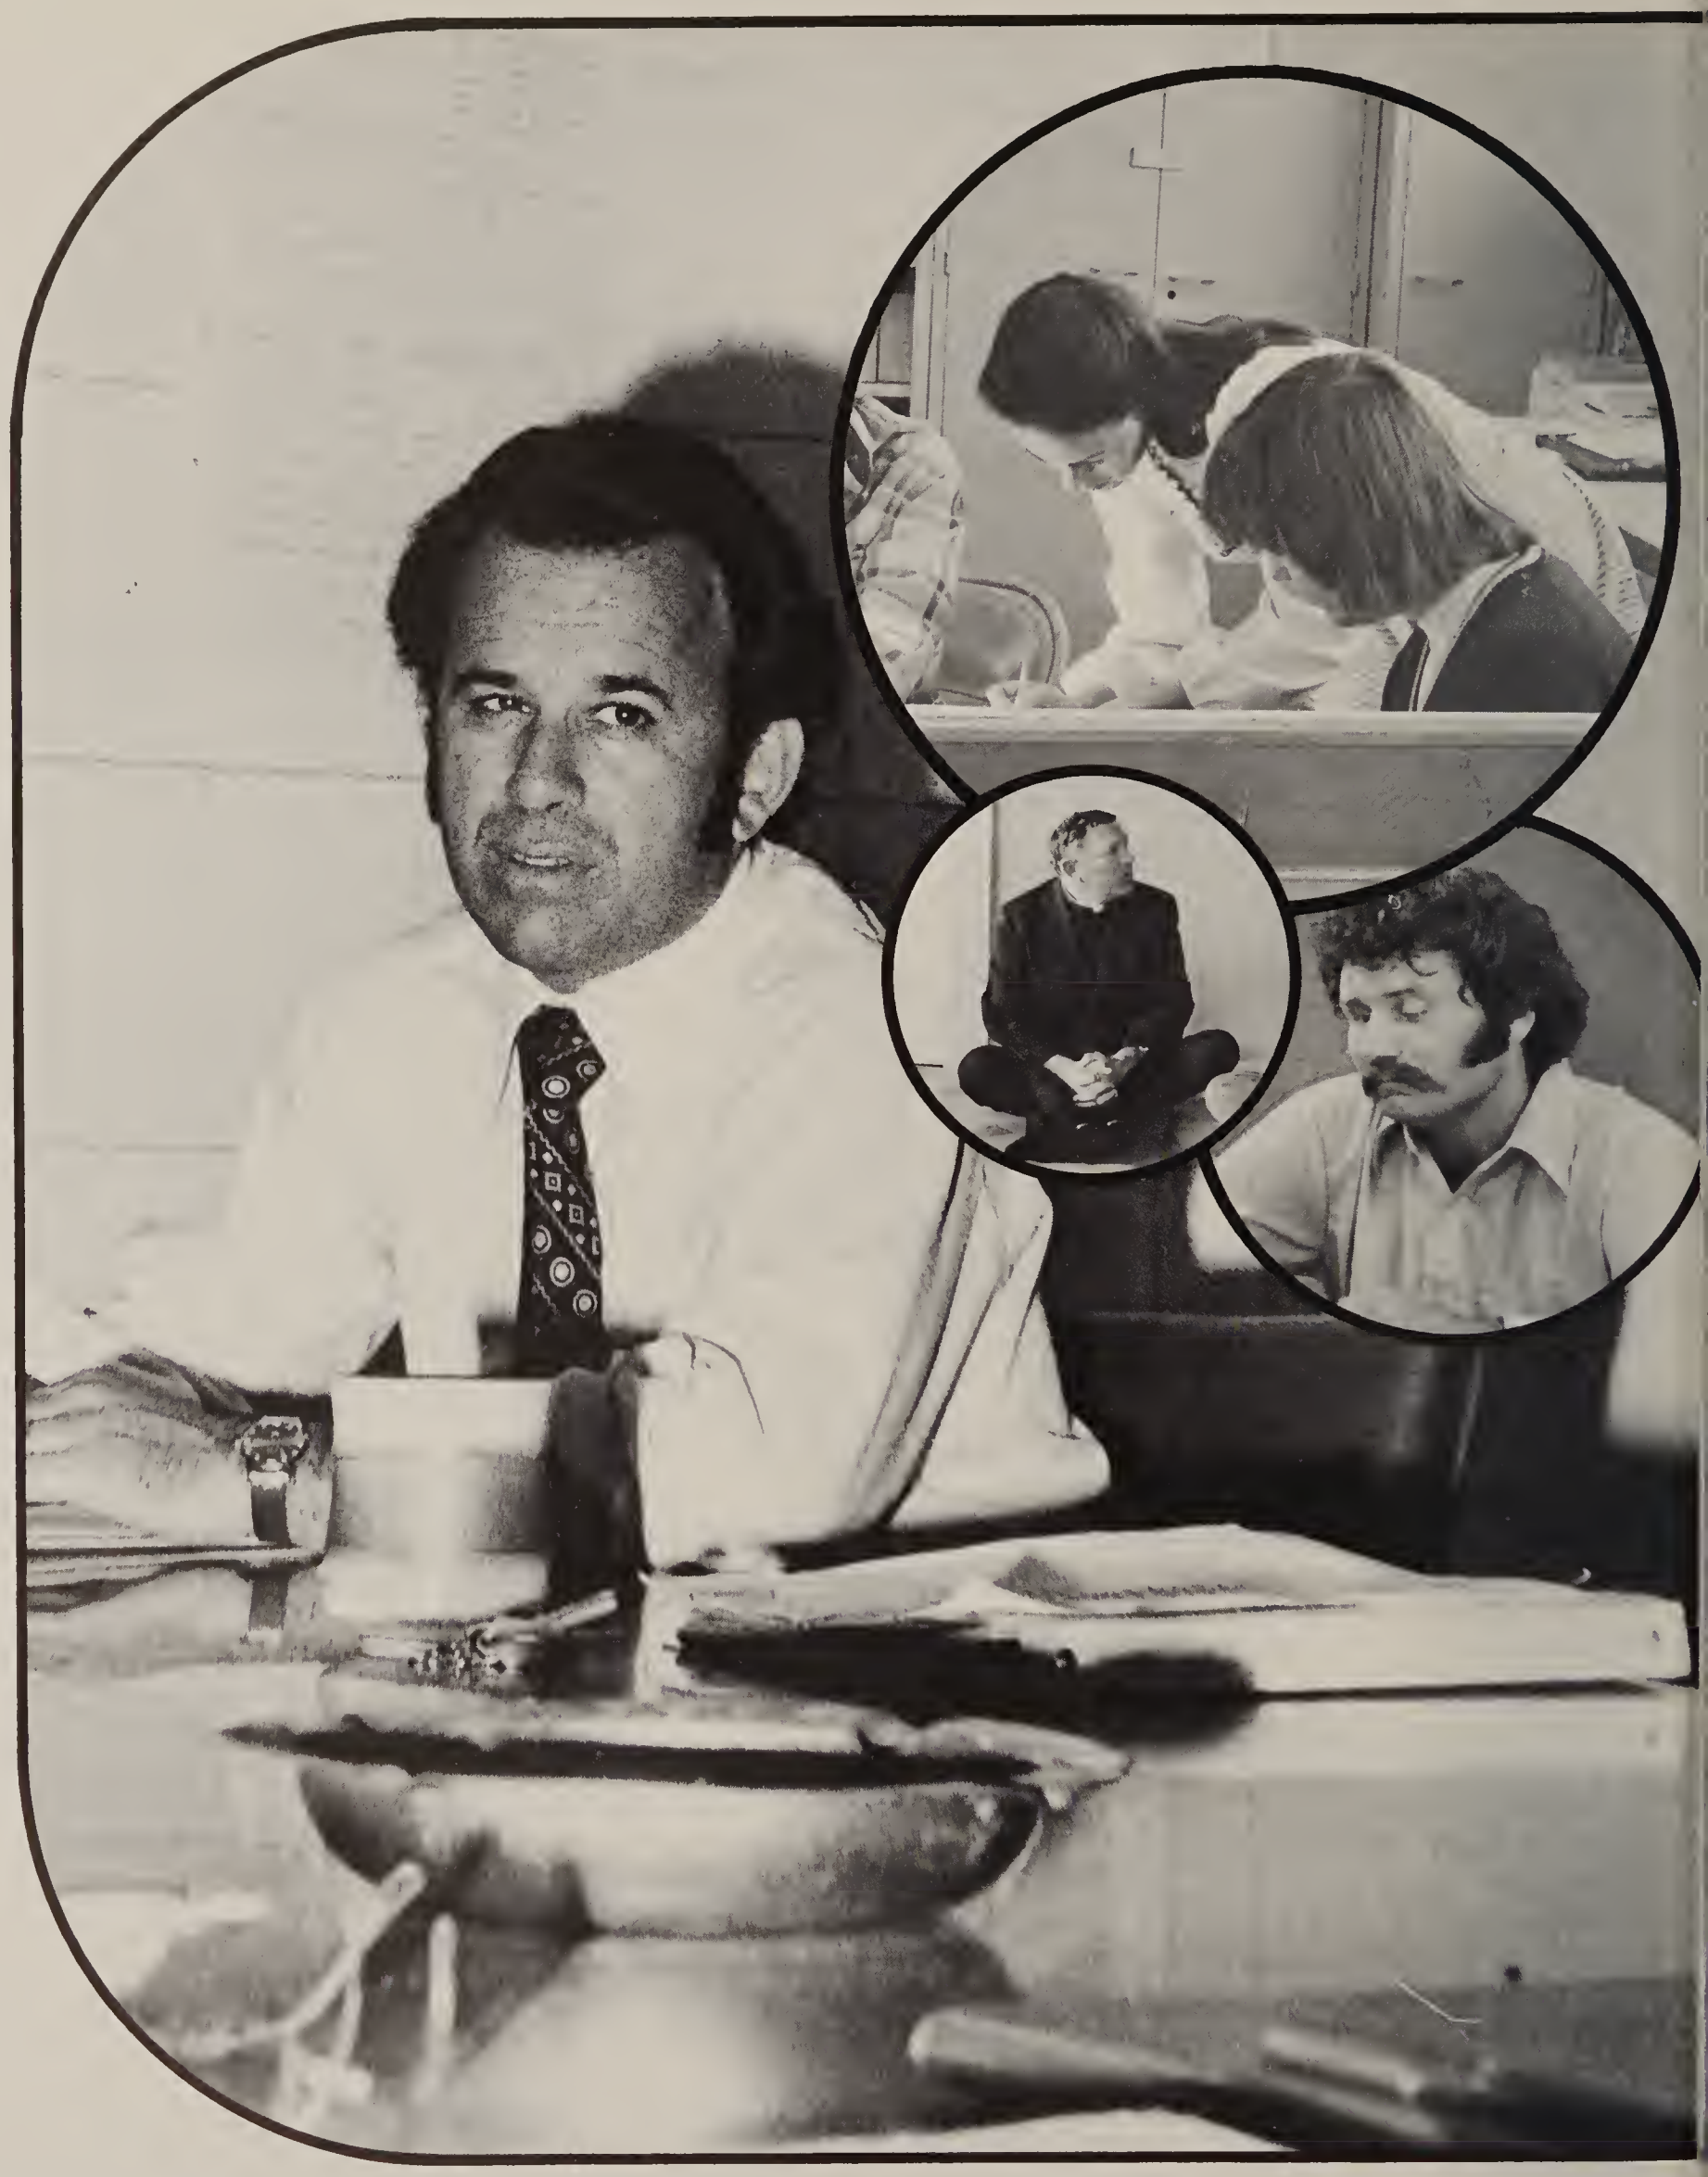
TRACK TEAM TRAVELS AT A FASTER PACE

STANDING: Coach Marcus, B. Schmitz, J. Boggelyn, G. Lazano, T. Thies, M. Mackenzie, J. LeBold, L. Filipowski, T. Hughs, D. Darnewell, F. Flourney, J. Connolly, M. Strange, D. Ford, S. Maxwell, K. Wewers, D. Harlan, S. Fischer, N. Porlas, F. Davies, O. Navarro, Coach Wargo.

BACK ROW: S. Hadley, S. Munoz, T. Beeson, L. Percy, D. Biblarz, H. Schmitz, C. Connors, J. Beeson, D. Hopkins, M. Del Grande. KNEELING: B. Shattuck, Mrs. LeBold, C. Campbell, J. Bone, L. Kinninger, C. Miller, C. McColl, M. Fabion, J. Pedace. SITTING: T. Sutter, K. Musgrove, R. Kinninger, M. Cornicelli, M. Hart, C. Price, M. Young.

The boy's and girl's track team has been better this year than in all past years. School records were broken almost every meet. A combination of good coaching and natural ability is attributed to the success of the team. Spirit showed expecially as each person encouraged their teammate around every curve and over each hurdle. The results were stupendous and the scoring high.



Teachers offer PRomises for future years

The faculty and administration of Uni High reach out an and touch the students in very special ways--spiritually, academically, and as friends. But perhaps just as important as these means of counseling and guidance is the way in which they, by their very life styles and daily examples, encourages every individual on campus to develop to his or her full potential and reach right back out to the world with a life dedicated to the service of his fellow man.

To reach out and touch and accomplish the goal of friendship takes a special talent. Teachers break the barrier of uncertainty every day with a kind word, a smile, or a funny joke. The administrators and their efficient staff handle the everyday problems of management and school business, yet, they too are always happy to share a smile or "chew the fat" for a while. Problems are abated by the worthy counseling staff. Their concern can brighten any dreary day. And then, the patient maintainance staff--ready and willing at all times--they come through in times of need. All in all, friendship and love radiate in every direction from the faculty and staff. To them--our THANKS.

Literature: Provides Stimulation

The English Department believes that Literature is "the great storehouse of man's accomplishments and failures." Their philosophy is that education is worthless if it does not prepare the student to survive in the outside world. The need for a student to be able to express his thoughts with written symbols is very important.

Some courses offered by the department are British Literature, Children's Literature, Science Fiction, Poetry, Film as Literature, Drama, and Media & Communication.

REACHING OUT WITH OUR FAITH

With the encouragement of Elizabeth Gorsich, the Religion Department continued to build a Christian attitude among the students. There was a new awareness at school that we are all one family and must remain close. The members of the Religion department have accomplished this through classes such as Contemporary Moral Issues, Meaning in Life, and Modern Religious Cultures.

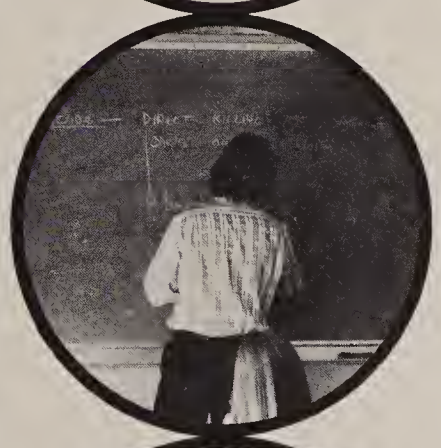
students strive to PRogress by learning



Classes at Uni try to encompass all that is needed for a strong foundation for each student's present and future needs. These classes also strive to motivate individuality among students and creattivity in their work. Classes also provide a variety of skill-training useful for daily life.

Through specialized classes on campus, students can plan their schedules to meet their needs and standards.

Counseling sessions, both individual and group, prepare students to make and evaluate decisions regarding their futures here at Uni or at colleges around the country or as members of the working world.

"Run that by me one more time."

"She's really writing a love note!"

"What are YOU looking at?"

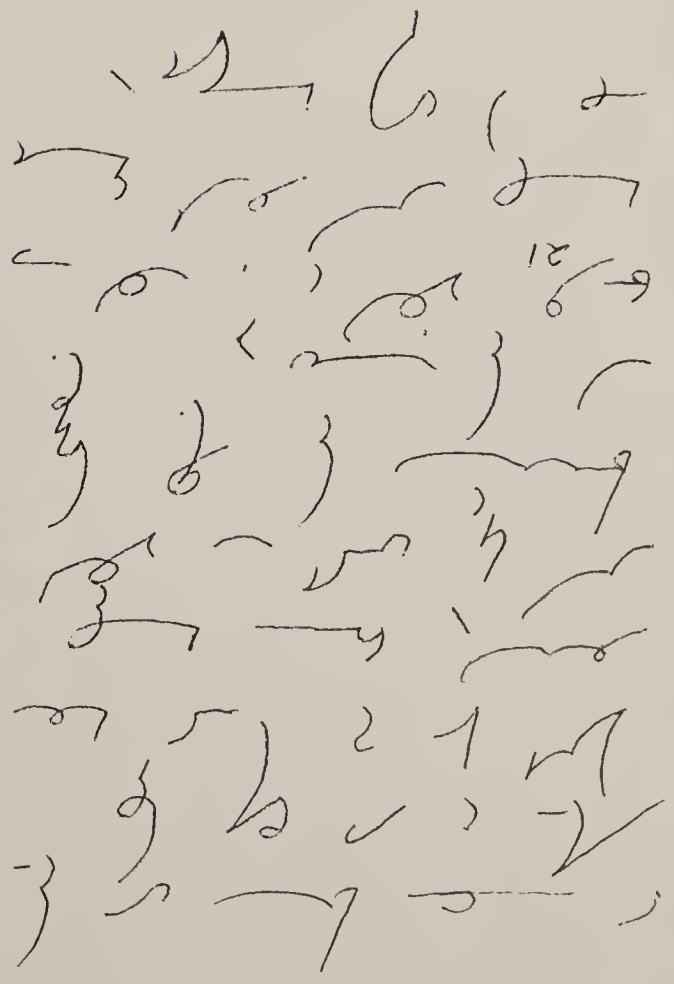
BUSINESS DEPARTMENT IS BUSY, BUSY

The main goal of the Business Department is to establish basic groundwork for use in the career world. Some classes which focus on this are Shorthand, General Business, Typing, Bookkeeping, and Business Law. Century 21 Shorthand is a rather new class which teaches skills necessary for stenographic competence.

"Ready. . .begin!"

"Where's that !*! pencil?"

"What! More homework!"



UNI STUDENTS ENJOY ELECTIVES

Quiet, geniuses at work!

Isn't my mug beautiful?!

I sure hope this turns out.

I'm going to hit you with this spatula!

The Co-ordinate Department, headed by Mrs. Kassebaum, offers a variety of courses designed to bring out the individual and group potential for creativity. Art, Crafts, and Ceramics classes provide an outlet for those who want to create something out of nothing. Clothing and foods classes appeal to the homemaking-oriented students. And last but not least are the choral and band classes which provide entertainment for everyone. All of these classes allow the students to reach out and give something of themselves to the whole community at Uni High.

Peter jazzes it up.

Ugh! It feels like bread dough!

How's this for a pose?

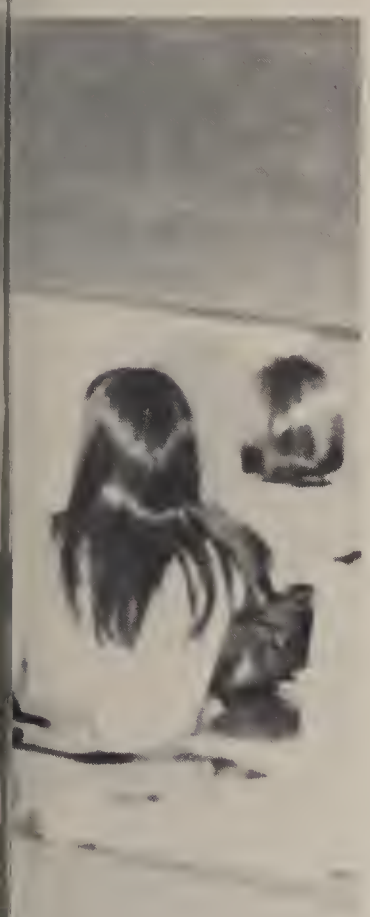
You can really tell that Norma takes her work seriously.

Devoted student hard at work.

Smile Miss Rodriguez, you're on Candid Camera!

Take a good picture!

EXPRESS YOURSELF THROUGH ENGLISH



Paula, are you writing a book?

Hey, I was first!

English classes help students to better understand things going on around them. The students learn to construct their ideas and thoughts into written form. In Children's Literature this year, the class was involved with writing children's books. Some of these Sr. Constance hopes will be published in the near future. Lots of luck to the authors.

STUDENTS LEARN NEW WAYS TO COMMUNICATE

University High helps students reach out to the world through the foreign language department. French, Spanish, German, and Italian classes, under the direction of Mr. Steves, enables the student to understand other peoples and places, forever opening up opportunities for exploration, and education in other parts of the world.

These classes are just one small step in the huge process of bringing people close together in this world that is getting smaller and smaller.

That's wrong Ricky!

How about working?

She amazes me!

Training time at the zoo!

Isn't this great?

What was that?

HISTORY PORTRAYS PAST AND PRESENT

History classes range from studying our country's beginnings to examining the origins of California. All help us establish links through our ancestors and examine the importance of our country.

A new history class provided this year was Election '76, which examined this year's Presidential Campaign. It focused on the primaries, conventions, debates, and finally the Presidential election.

"One if by land, two if by sea."

"Who do you think this one's for."

Class Participation

A helping hand from the teacher.

Students helping each other out.

Through the variety of Math classes at Uni, students are provided with a strong background of mathematical concepts.

Ranging from Algebra to Calculus, all classes primarily develop the students thinking process, helpful in any field.

A class full of hard workers

Physical Education is important in that students need to participate in various activities for good health. Uni students have shown their determination to strive for fitness through such classes as gymnastics, Recreational Physical Education Athletics, and weight Lifting.

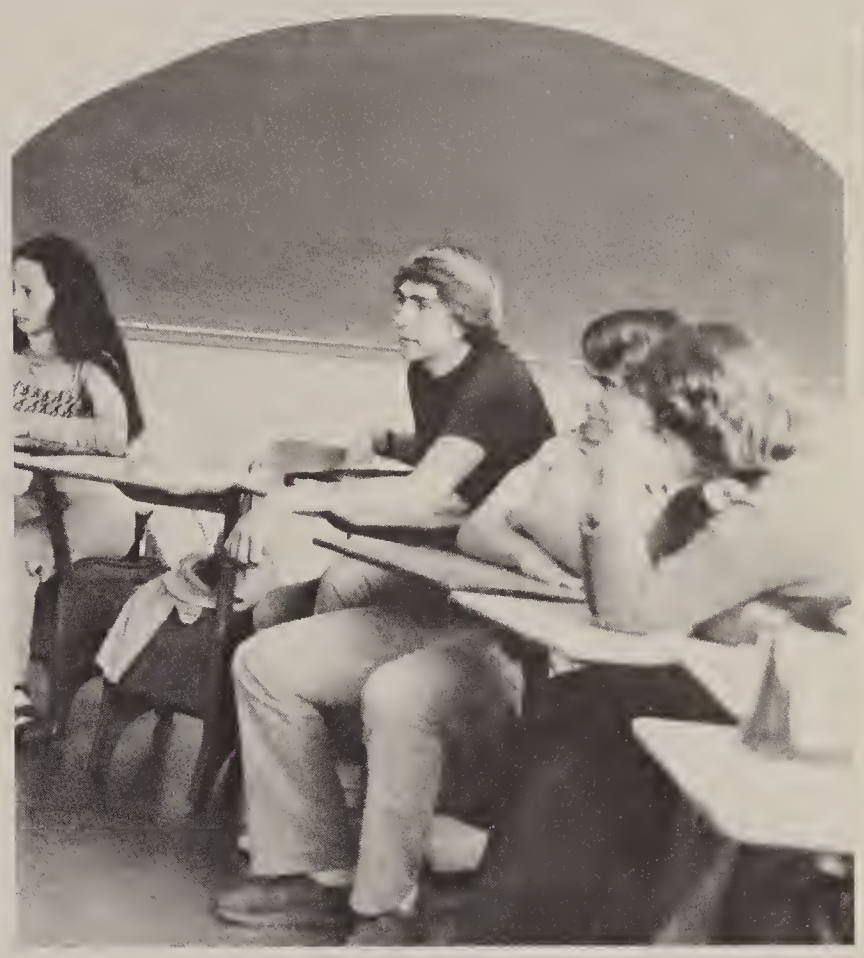
Checking daily attendance.

Religion classes are widely varied at Uni, but all of them have a common goal. That goal is to further the understanding among the students, and bring them closer together in friendship through religion.

One religion class which helps people learn more about others and their ideas is Christian Life Styles. Although its three main objectives are the married, single, and religious life, they all deal with human relationships. Through the class discussions, we learn more about ourselves and others.

RELIGION REACHES US THROUGH FRIENDS

Fielding questions from students.



Guy is all ears!

Making new friends in class.

Learning the degrees of imputability.

Science at Uni helped people discover new forms of life and also the physical properties of nature. These classes range from biological studies of life to the chemical elements in lab sciences.

In Physics, students are required to experiment in such fields as electricity, magnetism and wave lengths. Although some experiments don't work out, all are aimed for the development of the student.

University High School, student speaking.

You spelled that name wrong!

Monique, everybody makes mistakes.

Uni offers the student a chance to hilp in the operation of the school. Students can take Phone-Aid, Office-Aid, Counseling-Aid, and Library-Aid. Students help the secretaries and administrators by running passes, answering phones, filing, and many other jobs, that make the Aid a very important person in the functioning of the school.

Filing's a bummer.

COMMUNITY INVOLVEMENT-PROMOTERS-COMMUNITY INVOLVEMENT . . .

The staff of PRESIDIO '77 would like to thank all the people who supported our work in making this book a success.

First, we would like to thank those patrons who got behind us and answered our requests.

Second, we would like to thank those advertisers who gave their time and business to us. We hope that the readers of PRESIDIO '77 will patronize these businesses.

Most of all we would like to thank the students and faculty of University High School who supported PRESIDIO '77 in bringing the advertisers on the next few pages to our attention.

Once again, it is that time when we say "THANKS" to all the people who worked in making PRESIDIO 1977 a success. Hopefully this is a collection of those memories of those high school years that everyone will cherish throughout their lives.

First, we would like to thank the staff of PRESIDIO '77 for their hard work in the production of University High Schools' finest yearbook. We do not have the time to list all those who spent long hours, and many weekends, working on this yearbook, but each knows who he or she is, and all we would like to say is "Thank You!"

Second, we would like to thank Mr. Rod Williams, of Josten's American Yearbook Company, for all his help in the production of this yearbook, for without his direction and influence this yearbook may never have gotten here.

Next, we would like to thank Victor and Nancy Avila and their fine photography studio, for their patience and help in getting the senior and sports section finished. They put up with alot of deadlines and requests and never once did they let us down.

Lastly, we would like to say a special "THANK YOU" to Sr. Leonard Gaskell, for without her knowledge and direction this yearbook could not have been produced. We went through alot of hard times and big disagreements, but they all paid off in the end, with the production of this schools' finest annual.
